Matt:

Could you please send Rick the two responses you and Michelle created last night for Bristol Bay letters? He would like to have the "template language" we're developing.

Thanks!

Hey Marianne, I am forwarding another CMS response by Phil. I am not sure I have the canned language that you and Michelle came up with for these letters. Michelle was explaining there are 3 or so sets of language for responses depending on the nature and sender of the incoming. If you send down the appropriate template letter Kisha can get this ready for signature. Thanks
